

## REPUBLICANS OPEN SESSIONS

Balloting on Nominees to Start Early This Afternoon

Republicans of Weber county opened their county convention this morning at 10:30 o'clock in the Orpheum theatre for the purpose of naming a legislative and county ticket. Noisy demonstrations and heated debates as regards to organization featured the first hour of the opening session and at 11:30 o'clock the convention adjourned for one-half hour. It was indicated at the opening session that balloting for nominees will begin at 1 o'clock this afternoon. Many of the delegates were not present at an early hour, apparently believing that actual balloting would not take place until the afternoon session.

**OPENS CONVENTION.**—Arthur Woolley, county chairman, opened the convention with brief remarks. He said that the keynote address would be dispensed with in order that time might be saved and the convention could be adjourned at 1 o'clock this afternoon.

W. H. Reeder, Jr., was selected as chairman of the convention and took the chair amid loud applause. William T. Greenwell was chosen as secretary.

With the committees working on organization, credentials and platform, the convention continued until 1:30 o'clock. The delegates then turned to the selection of nominees for legislative and county offices. A large number of women were in evidence in the theatre at the opening of the session and will be prominent part in the selections for the tickets. It was said that a larger delegation of women was present today than at any other previous convention of the Republican party here.

## WATTIS MANAGER HAS STATEMENT

Not Required to File Statement Of Campaign Expenses, He Declares

Following reports from Salt Lake to the effect that the attorney general's office was contemplating proceedings against W. H. Wattis under the corrupt practice act for failing to file a statement of campaign expenditures, Charles R. Hollingsworth, his campaign manager, declared that Mr. Wattis was not required to file such a statement.

"The act says that such statements are due from those who are to be voted on at a primary or at an election. This primary refers to the state optional primary. Neither party follows the primary system of nominating. And as Mr. Wattis was not nominated he is not to be voted upon at an election."

"In another place in the act it says that blanks for filing statements will be sent to those who obtained nominations. This indicates that the act requires statements from nominees, not candidates for nomination."

We went into this question of a statement and consulted legal authorities. They are clearly of the opinion that Mr. Wattis is not required to file such a statement."

In connection with the request of the federal grand jury, Judge Tillman D. Johnson said that contempt proceedings be brought against Mr. Wattis and Mr. Hollingsworth because of statements made in a political advertisement, Mr. Hollingsworth said.

"All I can say is to emphasize that it was farthest from our intentions to cast reflections on the court."

## SCHOOL EXHIBIT SHOWN AT PARK

Results of Boys' and Girls' Work on Display; Farm Bureau Today

Between 1500 and 1800 young folks attended the outing of the Weber county schools at Lorin Farr park yesterday. A comprehensive exhibit of farm appliances made by the boys, and produce grown by them, together with exhibits of sewing, cooking and canning by the girls, proved to be a revelation to the spectators.

This work was accomplished during the summer under the direction of the twelve-month workers of the county schools, in conjunction with the director of the boys' and girls' club, Supp. E. A. Fowler said that much of the credit for the success of the exhibits is due to the twelve-month workers, who have made repeated calls on the young people at their homes during the summer encouraging them in their work.

The Pleasant View baseball team won the prize of \$25 by defeating a team from West Weber.

In the afternoon athletic events were held. The day came to a close with a prize dance in the evening. The first prize was won by Miss Phoebe Goodwin and W. A. Chamberlain and the second by Mr. and Mrs. R. H. Hancock.

This afternoon the farm bureau will continue the program began this morning.

## SAYS COX USES COARSE METHODS

Descends From Apostle of Idealism to Ward Chief, Asserts Coolidge

BOSTON, Mass., Sept. 18.—Asserting that Governor Cox, after attempting the role of an idealist, had turned to the coarse methods of ward politics, resorting to wilder and wilder charges, was made today by Governor Coolidge, the Republican vice presidential candidate.

The governor, addressing the Republican state convention, said the Democratic nominee was named by a convention in which "idealists had very little influence."

"Yet," he added, "after receiving a baptism of idealism at the White House, he attempted for a time the role of an idealist. He was to be the apostle of the 'great and solemn referendum.' His address of acceptance started that way."

**COARSE METHODS.**—"But the success has not been marked. Soon the methods of ward politics prevailed. To that eminent valuator in the White House, a master of logical expression, correct of style, always dignified, as he has been his exponent resorting to coarser and coarser methods, wilder and wilder charges, the referendum must for him become solemn and more solemn."

"Ideals are projected by the surroundings no less than the mind. Lincoln and Garrison, Sumner, Seward, Stanton, Grant and Farragut. He spoke with their voice no less than his own. When both the background and the man are wanting what chance is there for ideals?"

**G. O. P. IDEALISM.**—The Republican party has not been lacking in idealism either in its history, purposes or leaders. Who can name an established ideal they have not cherished? There is none. It has been but a little more than a century of the states necessary to enroll the idealism of the nation in the public service through equal suffrage. Through the ages women have been natural counselors of men. In her solicitude for the welfare of her children, she is the idealist of the world. She is destined to watch hand in hand with Republican purposes to the glory of our nation.

**PRISONER ACCUSED OF 'TRUNK MURDER' BELIEVED INNOCENT.**

MONTEVIDEO, Uruguay, Sept. 18.—After two examinations of Morris Fox, Robert E. Jeffery, United States minister, today declared that he was innocent of the murder of a woman in the American police had made a mistake when they asked for the arrest of Fox as Eugene Leroy in connection with the Detroit-New York "trunk murder."

The minister expressed the opinion that there was no doubt that Fox is his real name.

Fox will be held, however, pending arrival of Leroy's finger print record.

## ROOSEVELT HITS ISLAND CHARGES

Democratic Nominee Returns Harding's Fire With Sharp Statement

HARTFORD, Conn., Sept. 18.—Franklin D. Roosevelt, when shown that portion of Senator Harding's speech of Monday yesterday in which the Republican candidate denounced the alleged rape of Haiti and San Domingo and which he said was recently admitted and boasted by Mr. Roosevelt, prepared a statement denying Senator Harding's charges.

Mr. Roosevelt's statement follows: "When this Marlon speech was shown me I immediately sent Senator Harding the following telegram: 'Regret to see in today's speech you have put into my mouth an alleged statement about the votes in the league of nations of Haiti and San Domingo which I had already publicly denied and which denial was published in all leading newspapers. I can not believe you did this intentionally.'"

(Signed) F. D. ROOSEVELT.

"Mr. Harding has been a member of the senate since the United States was compelled to intervene in Haiti and San Domingo to prevent a recurrence of conditions at our very doors which were deemed intolerable," said Mr. Roosevelt. "This action also met with no protest with the senate but was done with the full knowledge of everybody. As I remember it the United States was obliged to restore order in Haiti in 1915 and in San Domingo shortly after. Since that time there has been no effort to conceal the United States' policy of helping these countries to get back on their feet. This has already been accomplished in the case of Haiti."

**COLORADO CANDIDATES ONLY FEW VOTES APART.**

DENVER, Colo., Sept. 18.—The extent of the Non-Partisan victory in Tuesday's primary and the result of the Republican contest for nomination for the United States senator remained in doubt on the face of belated returns received up to today.

On the Democratic ticket the Non-Partisan league seems to have nominated candidates for governor and lieutenant governor. W. E. Callaway, Non-Partisan candidate for nomination for senator, reduced the lead of Tully Scott to 846 with some 400 precincts to report. With some 200 precincts to report, Morrison Shifrold had a lead of 2,361 over George Hethcriston, Non-Partisan candidate for Democratic nomination for attorney general.

Returns late yesterday placing Samuel D. Nicholson of Leadville in the lead for the first time for Republican nomination for United States senator, were upset by returns from the remainder of Pueblo county and with 112 precincts to report Karl C. Schuyler was leading by 111 votes.

Full returns are improbable before next Tuesday when the official count will have been made in all the counties. In some the official count will be started today.
